### How to find Capital Clinic (if you can use stairs)

- Located off London Circuit (near the ACT Legislative Assembly/Canberra Theatre area)
- Mid-way between the Nesuto (previously Waldorf) Building and 221 London Circuit is a flight of stairs. Go up these stairs.
- At the top of the stairs you will see a courtyard. In the courtyard you will see many concrete hexagonal sculptures.
- Walk to the right, you will see Capital Clinic at the far end of the courtyard (on the right side).
- Capital Clinic's sign is visible and also clearly painted on the front glass window of the clinic.

If you have difficulty with stairs, there is a ramp available in the Nesuto (previously Waldorf) Building Arcade, however this is normally inaccessible after 5pm. Please contact us for more details.
